

GreenGuard® Sill Sealer

INSTALLATION GUIDE

Compliance

Kingspan **GreenGuard®** Sill Sealer complies with all relevant building codes.

Handling & Storage

WARNING: This product is combustible. A protective barrier or thermal barrier is required as specified in the appropriate building code. Protect it from exposure to open flame or other ignition sources during shipping, storage and installation.

Review this Installation guide prior to installation.

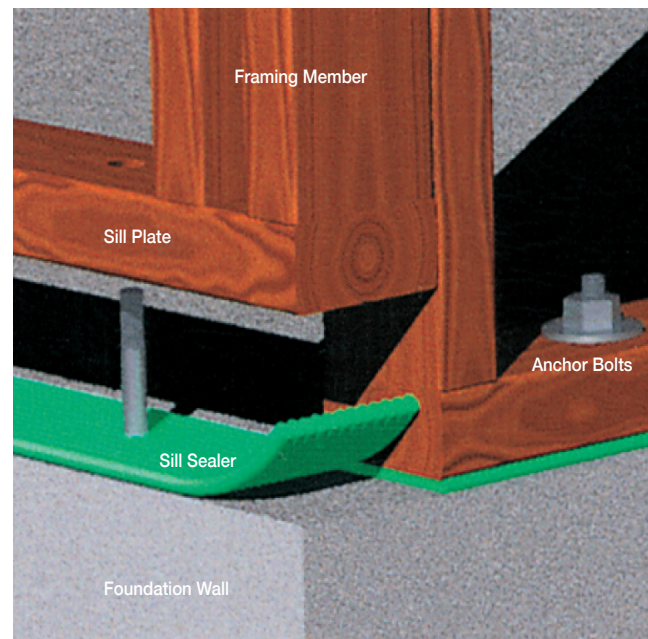

Refer to the Safety Data Sheets for the products referred to in this Installation Guide for additional information.

Procedure

1. Finish foundation according to applicable building codes and remove all points greater than 1/4" tall.
2. Sweep any debris from foundation surface.
3. Unroll Kingspan **GreenGuard®** Sill Sealer across the top of the foundation wall, making sure it is flush with the face of the wall, or for tilt wall construction, staple Kingspan **GreenGuard®** Sill Sealer to the bottom of the sill plate.
4. Butt all end and perpendicular joints tightly; do not overlap.
5. Impale Kingspan **GreenGuard®** Sill Sealer to fit over anchor bolts.
6. Set sill plate on the top of the foundation wall and anchor securely. Continue construction.
