Salerno Birch Cabinetry – Salerno's 3/4" thick solid birch door frames are assembled with five-piece mortise and tenon joints. The flat center panel is constructed of genuine birch wood veneer and the standard reveal door features a single step edge profile. The softly rounded edges are repeated in the 3/4" thick solid birch drawer fronts, available in either slab or 5-piece construction. Enamel painted Salerno doors may have an MDF flat center panel. Decorative hardware is available but not required.
