FINISHES

Wellborn Forest Products offers over 600 stain, paint, glaze and heirloom finish combinations along with the YourColor™ custom paint matching program.

STAINS

Stains enhance the natural characteristics of the hardwood and hardwood veneers used in our cabinetry. These attributes include wood grain, mineral streaks, knots, and are considered the beauty of wood.

GLAZES

Glazed finishes accentuate the character of a door. Glazes consist of a contrasting color that is applied over a base stain or paint, then hand-wiped to create hang-up of varying tones in detail areas.

PENCIL GLAZES

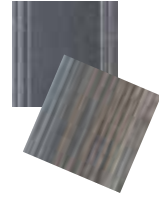

Pencil glazes create a clean accent on cabinet doors. Done by hand, pencil glazing leaves a soft highlight applied to the profiles and recesses on doors, not the entire surface. The result is a consistent appearance without the overall toning that hand-wiped glazing achieves.

PAINTS

Opaque, solid paints can add a pop of color. Accent with contrasting colors or stains to complete a room's color scheme.

BRUSH GLAZED PAINTS

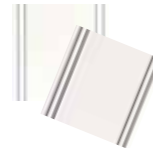

Solid paints are brushed with glaze to achieve a feathery brushed texture on the entire door, drawer and cabinet frames.

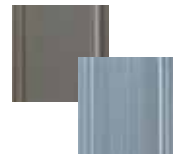

Earl Grey Cherry Stain and Earl Grey Oak Stain

Ocean Frost Oak Glaze and Ocean Chocolate Oak Glaze

Arctic Slate Pencil and Arctic Umber Pencil

Gunpowder Chocolate Brushed and Gunpowder Frost Brushed

HEIRLOOM

Prior to finishing, doors and drawer fronts receive random hand-applied distress marks, worm holes, and sanding on corners and edges. Glaze is then applied to accentuate the carved details of the cabinet door creating a one-of-a-kind patina.

Clockwise from top left: Wheat Chocolate Heirloom Cherry, Ocean Sand Heirloom Maple, Nutmeg Chocolate Heirloom Maple, Mahogany Shadow Heirloom Cherry, Champagne Chocolate Heirloom Oak.

YourColor™

Custom Paint Matching Program

Design your space in a specific color with the Wellborn Forest Products YourColor™ Custom Paint Program.

Wellborn Forest Products now offers Sherwin-Williams paint colors as a finish option. You can specify a color from a Sherwin-Williams Fan Deck, paint swatch, or use the Sherwin-Williams ColorSnap® app to capture the color and matching paint you want. This is a great way to open up the creative possibilities even beyond our 100+ finish options.

FIND YOUR PAINT COLOR

Use the ColorSnap® Visualizer app on your computer or smartphone to capture the color of anything and convert it into its corresponding Sherwin-Williams paint color. Try it on photos of your home for added confidence in your selection. Wellborn Forest Products will even make an optional sample door for your review (fee applies).

SELECT YOUR DOOR STYLE AND WOOD SPECIES

Choose the maple or oak door style that fits your decor.

CREATE A STYLE OF YOUR OWN

Once you approve your paint color selection, place your cabinetry order. You will receive your cabinets ready for installation.
