

Consistent Product Quality *since* 1985

Industry-leading hardwood plywood importer

Liberty Woods International

Liberty Woods International, Inc. is an industry-leading hardwood plywood importer whose success is derived from a passion for providing our customers the greatest value on the highest quality plywood products.

A privately held corporation, Liberty Woods International is headquartered in Carlsbad, California and has offices in Malaysia, Indonesia, and China. Since 1985, Liberty Woods is recognized as the leader in our industry. Our core expertise spans the entire process—from initial material procurement to our distribution channels—including quality inspection, ocean shipping, customs clearance, warehousing, and timely delivery. We couple this expertise with a genuine and anticipatory desire to fulfill our customers' needs.

Liberty Woods' growth is predicated upon strong and long-lasting relationships with our industry partners. Our ability to volume leverage throughout the supply chain allows us to supply our customer's needs at the most competitive prices. Along with our distribution network, this allows us to effectively supply the most expansive inventory of imported hardwood plywood to any area within North and Central America.

We are committed to ensuring your satisfaction for all your plywood needs.
